PROFESSIONAL SUMMARY

Senior education leader and institutional builder with **34 years across 6 countries** (United States, Switzerland, Thailand, Australia, Myanmar, and China). I build what isn't there yet, then leave it running: an EAL department and a professional development system for 113 teachers at Dulwich College Beijing, whole-school student services from inception in 12 months at Harrow Shanghai, and four original first-year courses plus the strategic vision for a **Center for Academic Inquiry** at NYU Shanghai. Integrated leadership across curriculum, belonging, community impact, and institutional strategy, with measurable results (12% senior school attainment gain in one year). Deep experience with the IB Diploma Programme, IGCSE, A-Level, English National Curriculum, and undergraduate liberal arts (Middle States accreditation). Completing the National Professional Qualification for Headship at UCL Institute of Education (expected May 2027). Available from July 2027.

"The most important aspect of my work is whom I teach, not what I teach."
